

Turner & Son for Realtors

We pay early and often.

Your client gets a custom home at one fixed price. You get 3% of the construction contract, paid within 30 days of the foundation payment.

\$12,000

on a \$400,000 home

That's 3% of the construction contract, land
not included.

- ✓ 3% of the construction contract
- ✓ Paid within 30 days of the foundation
- ✓ Earned when your client says your name

Open to every realtor.
There's nothing to register.

Paid at the foundation.

Your commission lands months before your client moves in.

It starts when your client says your name.

You recommend us.

Tell a client who wants to build on their land about Turner & Son.

Your client mentions you, or you tell us.

That's all it takes to earn it. There's nothing to register, and if you'd like a signed real estate board form, we're happy to sign it.

We confirm it that day and keep you posted.

Your name goes on file with the date we heard it, and you hear from us at the consultation, the contract and the foundation payment.

Custom homes on your client's land | Within an hour of Oklahoma City | Nothing to register

"If your real estate agent introduced you to the builder, then the builder should be thanking the agent."
